

Endocrinology

These are some of the Endocrinology Specialists we recommend. Please check if this is a covered service by your insurance.

Does your insurance company require a referral/prior-authorization from your primary care doctor before you are seen by the specialist? If so, you need to call us with the specific appointment date and time, after you have scheduled your appointment.

If your insurance company requires a referral/prior-authorization but you fail to notify us in advance, the insurance company may refuse to pay for the visit. You must give our office at least 3 working days to process the paperwork. Do not call us for a referral the day of the appointment or after the appointment has occurred. In those cases your insurance company might hold you responsible for cost of the visit.

We are authorized by our contacts with the insurance companies to approve only those referrals that we have initiated in discussion with you.
