

NEUROLOGY

These are some of the neurology specialists we recommend. If the doctor has highlighted a particular neurologist please check with your insurance company to make sure that doctor is on your panel. If no particular doctor has been highlighted please check with your insurance company to find which of the suggested neurologists your child can see. Once you have established which neurologist/ neurologists are on your insurance company panel, please call us and we will make your child's appointment.

Also please let us know if your insurance company requires a referral or pre-authorization from your primary care doctor before you see the specialist?

If your insurance company requires a referral/pre-authorization but you fail to notify us in advance, the insurance company may refuse to pay for the visit. You must give our office at least 3 working days to process the paperwork. Do not call us for a referral the day of the appointment or after the appointment has occurred. In those cases your insurance company might hold you responsible for the cost of the visit.

We are authorized by our contracts with the insurance companies to approve only those referrals that we have initiated in discussion with you.
